III. Finance Report(s)

- Still closing out the actuals for '25-26 school year. The cash position across each school will sustain through the beginning of the year until we start receiving our allotments.
- A re-forecasted budget will show updated financial targets based on projected enrollment changes. The beginning of school will give a better idea of where each school will land with actual enrollment.

IV. Superintendent's Report(s)

- Chelsea Hobbing was formally introduced as the new NC Superintendent. She is a licensed administrator who has successfully led Eastland as Principal for several years.
- Our unofficial school report card grades are as follows:

- Eastland – C
- Northwest – C
- Freedom – D
- Southwest – D
- Northwest finished very well for their first testing year. They scored higher than any previous school in their first testing year and are excited to keep the momentum going into the summer and next school year.
- Interventions are needed at Freedom and Southwest to get them in a better position for next year. The team is working on those specific intervention strategies over the summer and will report back at the upcoming board meeting.
- Deanna Bruce reported on enrollment and noted that the network is looking at different marketing strategies but the current problem is there are not enough applications to convert to enrollments.
- We are currently projecting to be down at SW and NW based on revised enrollment targets
